NIIT

Kolkata, WB

MACHINE LEARNING TRAINING - GROUPS TEAM

Sep. 2021- Dec. 2021

- Build a Facial Recognition System using ML tools (Python - NumPy - Pandas - Matplotlib - Seaborn etc.)
- This project gives me a short idea that how recognition system works for detecting Any object or Human being.
- Here, I also learn about How to use any data set for extracting their features & gain knowledge about how train and labeled the data and also have a little bit knowledge about TensorFlow library & CNN in Deep Learning Neural Networks.

Coincent.ai

Kolkata, WB

CAMPUS AMBASSADOR INTERN- GROUPS TEAM

July. 2022 - Now

- Promoted [Coincent.ai]'s brand and products/services through various marketing initiatives, both online and offline.
- Collaborated with the campus community, including student organizations, faculty, and administrators, to develop partnerships and co-hosted events that aligned with [Coincent.ai]'s goals.
- Conducted regular feedback surveys and focus groups to gather insights from peers, helping [Co] make data-driven decisions for product improvements and marketing strategies.

Education

College of Engineering and Management Kolaghat

Kolaghat, WB

HONOURS BACHELOR OF COMPUTER SCIENCE AND ENGINEERING, MAJOR

Oct. 2020 - Now

- CGPA: (9.03/10) Average
